# **VISUAL DOCUMENTATION FOR MANIFEST SUBMISSION**

## What you need before starting:

- an ORCID account ([here](#) to register)
- contact [El.COPO@earlham.ac.uk](mailto:El.COPO@earlham.ac.uk) to be added to a manifest group
- make sure you have the latest version of the manifest ([here](#))
  - if you are submitting as part of the ASG project, please refer to the latest metadata manifest
  - if you are submitting as part of an ERGA project, please refer to the latest metadata manifest [here](#)

**Once you are confident**

**To familiarise with the platform**

**IMPORTANT** - Submissions to ENA through the demo server will not persist, accessions created will be deleted after 24 hours.

We also update this server frequently, so it may occasionally be unreachable and you may find we have deleted your past uploads.

**Earlham Institute**

# Create a profile:

The screenshot displays the COPO Work Profiles interface. At the top, the COPO logo is on the left, and a notification bell, a document icon, and a user profile 'alice' are on the right. Below the logo, the text 'Work Profiles' is followed by an orange lightbulb icon and a blue circle with a white plus sign. A red arrow points to this plus sign. Below this are buttons for 'Select all', 'Select none', '+ Add', and 'Edit'. A search bar labeled 'Search Work Profiles' is on the right. The main content area shows 'Showing 1 to 1 of 1 entries'. The profile details for 'dtol (DTOL)' are displayed, including the creation date 'Mon, 26 Oct 2020 17:38' and the description 'test'. At the bottom, there are six component bars: 'Samples' (0), 'Datafiles' (0), 'Submissions' (0), 'Publications' (0), 'Metadata Template' (0), and 'People' (1). On the right side, there is a 'Help' tab with a search bar 'Search Help' and a list of 'Help Topics' including 'What is a COPO profile?', 'How do I create a profile?', 'How many profiles can I have in COPO?', 'What is a profile component?', and 'How do I create components within a profile?'. At the bottom of the help section, it says '1 to 5 of 5 topics' with 'Previous', '1', and 'Next' buttons.

## Create a profile:

The screenshot shows a web form titled "Add Profile". It has three main sections: "Title", "Description", and "Profile Type". The "Title" field contains "Norfolk\_Broads\_Spring\_2021". The "Description" field contains "A collection of fish found in Oulton Broad, UK". The "Profile Type" dropdown menu is open, showing options: "Stand-alone", "Darwin Tree of Life (DTOL)", "Darwin Tree of Life Environmental Samples (DTOL\_ENV)", "Aquatic Symbiosis Genomics (ASG)", and "European Reference Genome Atlas (ERGA)". A red arrow points to the "Description" field. A red text box with white text is overlaid on the right side of the form, stating: "IMPORTANT - name the profile according to the Sample Set ID assigned to the samples you are submitting".

**IMPORTANT** - name the profile according to the Sample Set ID assigned to the samples you are submitting

**IMPORTANT** - If you cannot see the project that you are associated with in the "Profile Type" drop down menu, you need to be added to the relevant group.

Please stop here and get in touch with [EI.COPO@earlham.ac.uk](mailto:EI.COPO@earlham.ac.uk)

# This is your new profile:

The screenshot displays the COPO Work Profiles interface. At the top, the COPO logo is on the left, and a dark header bar contains a bell icon, a document icon, and the user name 'alice' with a dropdown arrow. Below the header, the 'Work Profiles' section features a lightbulb icon and a blue circle with a white plus sign. A notification box on the right states 'New profile record created!'. The main area includes buttons for 'Select all', 'Select none', '+ Add', and 'Edit', along with a 'Search Work Profiles' input field. A status bar indicates 'Showing 1 to 2 of 2 entries'. The first entry, 'DTOL (DTOL)', is highlighted in dark green. It shows a creation date of 'Tue, 27 Oct 2020 15:46' and a description: 'IMPORTANT: we use this information to submit a study to ENA'. Below the description is a row of six colored buttons with icons and counts: 'Samples' (0), 'Datafiles' (0), 'Submissions' (0), 'Publications' (0), 'Metadata Template' (0), and 'People' (1). The second entry, 'Norfolk\_Broads\_Spring\_2021 (ERGA)', is partially visible at the bottom.

# Upload a manifest:

The screenshot shows the COPPO web interface. At the top left is the COPPO logo. The main header area displays 'Profile: Profile 1' and 'Samples'. Below this are three circular icons: an orange lightbulb icon, a green grid icon, and a teal list icon. A red arrow points to the green grid icon. A tooltip labeled 'Upload Manifest' is positioned above the green icon. To the right of the icons is a horizontal toolbar with four icons: a database cylinder, an envelope, a paperclip, and a group of people. On the far right, there is a navigation bar with 'Info' and 'Help' tabs. The 'Help' tab is active, showing a 'Search Help' input field and a list of 'Help Topics' including 'Describing samples' and 'Sample types'. Below the topics is a pagination control showing '1 to 2 of 2 topics' with 'Previous', '1', and 'Next' buttons.

Upload Manifest

Samples - Getting started

The samples page provides a platform for describing and managing biological samples, obtained as part of a project.

The description functionality presents a wizard that guides the user through a step-by-step process of sample metadata attribution.

Use the  to initiate sample description and follow the steps presented by the wizard.

**Quick Tour:** To explore the various controls available on this page, click the  icon.

# COPPO will validate taxonomy information and manifest format:

## What's happening (part 1):

- COPO is retrieving information from NCBI (National Center for Biotechnology Information) to check that the taxonomy information provided is correct. We also check that the TAXON\_ID is submittable to ENA.
- If some of the taxonomy fields are missing (excluding SCIENTIFIC\_NAME), COPO will make an educated guess about what these fields should be and will display warnings about what is going to be filled in.

**The taxonomy checks will be much quicker if you fill in TAXON\_ID.**

- COPO will substitute scientific name synonyms with the official scientific name. It will display a warning and also record the change in OTHER\_INFORMATION
- If any taxonomy field is incorrect, COPO will display an error and reject the manifest. You can download the error list with the red “Export Errors” button on the top right.
- **If you are unhappy with any of the warning/errors, DO NOT press finish; instead contact NCBI to discuss the taxonomy**

# Manifest uploaded -taxonomy errors-:

The screenshot shows a web application interface with a dark header bar containing navigation icons and a user profile 'alice'. A modal window titled 'Upload Spreadsheet' is open, featuring buttons for 'Upload Images', 'Upload Permits', and 'Export Errors'. A red error message box displays the filename '1row\_updated\_ashdiebacksyn\_wrongtaxid2.xlsx' and the message '1. Invalid data: couldn't retrieve TAXON\_ID 7893 at row 2'. To the right of the error box, a text area contains the message 'This is an error: COPO will not accept the manifest'. A 'Close' button is located at the bottom right of the modal. Below the modal, a 'Quick Tour' section provides instructions on how to explore the controls.

## Sample Managers:

- At this point, the sample managers will be emailed that a new manifest has been uploaded. They will be able to accept or reject each sample after inspection.

After samples are approved by a sample manager, they will be submitted to ENA (European Nucleotide Archive). Accessions can be inspected by scrolling right in the previous view.

If you encounter any errors or unexpected behaviour, please email [EI.COPO@earlham.ac.uk](mailto:EI.COPO@earlham.ac.uk) or open a GitHub issue in the [COPO repository](#) at the bottom of the page.

If you have a feature request for future releases, please open an issue in the GitHub repository.

We are currently working on a pipeline to update uploaded samples. For the time being, if you need to update a sample please email us at [EI.COPO@earlham.ac.uk](mailto:EI.COPO@earlham.ac.uk) specifying the biosample accession, the field to update and the new value. Likewise, if you need to update the taxonomy, please send the biosample accession and the new scientific name then, we will update all the taxonomy fields accordingly.

CyVerseUK is supported by the BBSRC through strategic funding and the capital grant BB/M018431/1.

CyVerse is supported by the National Science Foundation under Award Numbers DBI-0735191 and DBI-1265383. URL: [www.cyverse.org](http://www.cyverse.org)
